

# Formal Arrangement of the Final Thesis

## ENVELOPE:

*The envelope* is the first sheet to be printed on the cover (bound version of the work only). It is recommended to choose boards in dark colors (e.g. black, blue, burgundy). The font color can be gold, silver or other, but sufficiently contrasting with the color of the background. The material of the plates is not specified. The spine of the *cover* bears the name of the author and the year of submission of the final thesis.

## TITLE PAGE:

*The title page* is the first inserted sheet after the cover (i.e. after the cover) in the bound form of the work. When entering the binding, you can choose whether to *insert one more blank page before the Title Sheet*. This sheet is not numbered.

## DECLARATION:

This sheet contains *the student's* declaration that he/she has elaborated the thesis himself/herself, and all sources that have been used in the text are duly cited and listed in *the Bibliography*. This sheet is not numbered. In the bound version of the thesis, the text must be accompanied by the student's handwritten signature at the appropriate place.
