PSCC Citation norm valid from the academic year 2024/2025

The citation standard for PSCC from the 2024/2025 academic year follows the APA citation style, examples of which can be found on the website listed [here](#).

Bibliographic citations can be created through citation managers which [help generate citations](#). In regards to AI, students who work closely with any such program should say so. Statement of using of AI is thus:

„Artificial Intelligence (AI) technical resources were used in the preparation of the thesis. A detailed description is given in Attachment No., Use of AI technical means in the preparation of the thesis.“

The specific attachment can be found on the website under **Final theses and FSE**.
